

MANUFACTURING & LABORATORY CAPABILITY SELF-DECLARATION

STATUS / ISSUE DATE

ACTIVE / 09 AUG 2026

DECLARATION

Qyonz issues this statement for its Peptide Lab B2B research-material program. Within qualified projects, Qyonz coordinates defined manufacturing, packaging, analytical-evidence, document-control, and shipment-release activities through the applicable disclosed parties and project records.

DECLARED OPERATIONAL SCOPE

- Technical intake: material identity, format, quantity, target specification, packaging, and destination.
- Manufacturing and packaging source review, role disclosure, and project-record alignment.
- Batch-reference, label, analytical-file, and release-document matching.
- COA, HPLC, MS, SDS, and independent testing coordination when applicable to the agreed scope.
- B2B quotation, packing, shipment, and destination-document coordination.

EVIDENCE BOUNDARY

- This is a company-authored self-declaration, not a government license, accreditation, third-party certification, or batch release certificate.
- It does not by itself prove ownership of a peptide synthesis facility or analytical laboratory.
- The exact manufacturer, site, laboratory, certificate holder, method, batch result, availability, and commercial terms must be confirmed in the applicable project file.
- Research materials are for qualified laboratory research only and are not for human or veterinary use.

DOCUMENT NATURE

Company-authored self-declaration

INTENDED USE

Website disclosure, customer qualification, and internal quality file

VALIDITY CONTROL

Active from issue date; replace when scope, entity, or contact details change

ISSUED BY

Qyonz Management

COMMERCIAL COORDINATION ENTITY

Guangzhou Qiao Yang Zi Cosmetics
Technology Co., Ltd.
